## **CLARENCEVILLE SCHOOL DISTRICT**

## **RECORD OF 30 HOURS OF DISTRICT PROVIDED PROFESSIONAL DEVELOPMENT REQUIREMENTS FOR ALL TEACHERS**

The State of Michigan requires that all school districts provide **five days** of professional development during each school year. (**These days are in addition to the fifteen days required of beginning teachers during their first three years of teaching.**) For purposes of record keeping, a day is defined as six hours. A day can be earned all at one time (no more than 8 hours in one day) or hours can be accumulated to equal 30. Thirty (30) is the total number of required hours.

**Instructions:** Please complete this form with the date of learning, topic learned, number of hours and, category, each individual professional development activity listed. Reference the **category codes and acceptable activities** list below. The list aligns with the Michigan Department of Education (MOECS) website. <u>The completed form must be completed, printed out, and submitted to your school office by the LAST WEEK OF MAY each year.</u>
